case study

APPLICATION:

A manufacturer of automotive components needed a solution to eliminate particles generated in their sand core spraying applications.

SOLUTION:

LEV-CO proposed a DTH-1700 Portable Downdraft Table with the Vibra-Pulse filter cleaning system. Working in conjunction with the customer, LEV-CO was able to use their expertise and produced extra options to suit their needs, such as oversized side shields with hood and side tabletops, etc..

PRODUCT DESCRIPTION:

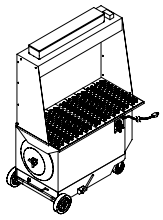
1 x DTH-1700 Portable Downdraft Table with Vibra-Pulse
1 x Custom Oversized Side Shields
1 x Centre Baffle
2 x Side Table Tops

INDUSTRY:

Automotive Components Manufacturer

TESTIMONIAL:

“Everything is working fine. We are pleased with the unit and expect the need for more.”



Particulate Collector
